BAKER PEOPLE AT GOLDFIELD

ACCOUNTS OF THE CAMP ARE NOT EXAGGERATED.

Baker City Miners Return From the Stricken Nevada Town—Plenty of Gold in the Country to Support a Good Mining Town, But It Will Never Be a Creede Nor a Johannesburg—Bullfrog, 70 Miles South, is Also a Good Camp.

Seeing is believing is an old axiom and many of the best people will only believe that which confronts their optics, says the Baker City Herald. Three weeks ago the cumulative testimony which had assailed the ears of Mike Hoff, George McCarty and Tom Gorman had so impressed them with the possibilities presented in the new gold districts of Nevada that they wanted to see and be shown.

They have now seen and they believe a variety of things. They returned here this morning and have been since in the hands of their friends responding to incessant interrogations. Among other things that they believe is that there are a number of good and rich mines there, but not sufficient either in quality or quantity to sustain the present people gathered there.

They believe that some of the people have made money there, that others are now making it, that still others will do so, and they know that quite a few are broke and that a good many more broken people are getting in there.

They now know that water is scarce and that the weather is variable, and that the wind is wondrous in circulating dust.

Mr. Hoff says that there is enough to make a good sized camp thereabouts, but that a Comstock or a Cripple Creek has been located in a problematical proposition, with which he does not care to venture even a guess. According to him there are 1500 to 2000 people less in Goldfields than there was 60 days ago.

Bullfrog, some 70 odd miles further south, has claimed most of these

venturesome spirits. At Bullfrog a water supply has been discovered and that has been an incentive to hike that way.

Reno, from this viewpoint, will become a big city. It is growing very rapidly now, its great impetus being the erection of railroad shops at Sparks, three miles northeast.

The two places are being connected by an electric road owned by Reno capitalists. He expects to take another look at this place, probably early in the spring, but does not think he will go further, as the lung-destroying dust was nature's way of telling him that it was no place for a permanent abode. There are many former Baker county people there. Some have done well, others have not had hold of the magic wand that gets the mazarina.

Y. M. C. A. Student Conference.

Pacific Grove, Cal., Dec. 30.—The ninth Pacific Grove conference of the Associated Students of the coast universities opened here today and will continue for one week. The conference as heretofore is held under the auspices of the international committee of the Y. M. C. A. Prominent among those whose names appear on the program for papers or addresses are F. D. Hill of San Francisco, Rev. Henry Kingman of New York, Dr. Frederick W. Clappett of San Francisco, Reno Hutchinson of Portland, L. E. McLachlan of Ohio, and W. F. Dillon of San Francisco.

Trial of the Chattanooga.

Washington, D. C., Dec. 30.—The new protected cruiser Chattanooga, which was partially constructed by a private shipbuilding concern, but completed by the United States government at New York, is to have her official speed trial today over the Cape Ann Porpoise course. The contract calls for 16 knots an hour. As she has already made 17.3 knots in a preliminary trial no fear is felt in naval circles but that she will more than meet all the requirements of her contract.

National Academy Exhibition.

New York, Dec. 30.—The eighteenth annual exhibition of the National Academy of Design opened in the American Fine Arts building today, and will continue until January 28. The exhibition this year is fully up to the standard of previous years and comprises the best work in painting and sculpture of many of the foremost artists of America.

MISSOURI EDITORS

REPUBLICAN PEN, PASTE AND SCISSORS MEN MEET.

Will Be Made the Occasion for Great Rejoicing Over the Results of the Recent Election—Convention is Being Held in St. Joseph and is Attended by a Large Number of Distinguished Outsiders.

St. Joseph, Mo., Dec. 30.—The men who, with pen and brain worked hard to bring about the recent republican victory in Missouri rounded up here today for the annual convention of the republican editorial association of Missouri. The convention partakes of the nature of a celebration of the party's success and is attended by a number of republican leaders of Missouri and neighboring states.

The convention was called to order in the rooms of the Commercial club at 11 o'clock this morning. The initial session was devoted to addresses of welcome and responses, reports of officers and committees, and the transaction of routine business. At 2 o'clock the editors and invited guests reassembled to listen to the following addresses: "The Press in the Recent Campaign," Hon. John E. Swanger; "The New Missouri," Hon. John C. McKinley; "A Greeting From Iowa," Hon. G. L. Dobson; "Republican Clubs and Newspapers," Hon. Sib B. Redding of Arkansas, vice-president of the National League of Republican Clubs.

The convention banquet at the Hotel Metropole tonight promises to be a most notable affair. The invited speakers include Governor-elect Deneen of Illinois, Governor-elect Hoch of Kansas, Hon. C. P. Walbridge, and several others.

Missouri Dairymen.

Springfield, Mo., Dec. 30.—A well attended convention of the Southwest Missouri Dairymen's Association began here today. The principal object of the meeting is to interest the farmers of this section in the dairy business and to encourage them to send their products to the creameries now in operation. Marshfield, Bolivar, Lebanon and other places are represented.

F. X. SCHEMPF
PROPRIETOR.

TRAINING SCHOOL FOR HORSES

Wanted—One hundred head of unbroken horses. I am located for the winter at the Dutch Henry feed yard, corner of Alta and Little streets, where I conduct a first-class training and sale stable. If you want to buy a horse I will take your order and select the best horse for you, or if you have a horse to sell I am well acquainted with the best buyers. I am well equipped to break and handle any horse from the finest blooded stock to the wildest and most desperate broncho. There is no horse but can be broke and be made to drive or work nicely if he be handled correctly. I have broke one hundred and twenty-three head in Pendleton, some of which had become desperadoes. I guarantee satisfaction in every case.

Lee Kennard

THE BEST IS THE CHEAPEST

Bear this in mind when you need poultry and stock supplies and ask for the International Poultry and Stock Food. Use Kow Kure for your cow troubles.

C. F. Colesworthy

127-129 East Alta St.
